

## **SHORT CURRICULM VITAE**

**Luciana Scaloni** was born in Avola (Siracusa), Italy, on July 3<sup>rd</sup>, 1974.

Education: After graduating in Pharmacy in 2000, at the University of Milan (Faculty of Pharmacy), Dr Scaloni specialized in Medical Statistics (University of Milan, Faculty of Medicine) in 2005 and took a doctorate in Pharmaceutical Sciences in 2008 (University of Naples Federico II, Faculty of Pharmacy). During those years, she also attended a number of other postgraduate national and International courses and seminars focusing on the areas dealt with in her research activity.

Current position: senior researcher in Health Technology Assessment and Outcomes Research at the CHARTA (Center for Health Associated Research and Technology Assessment) Foundation, based Milano, and at the Research Centre of Public Health (CESP) of the University of Milano – Bicocca, where she is head of the Outcomes Research Unit. Her main research interests include economic evaluations and outcomes research, including QoL, utility and preferences assessment using the Discrete Choice Experiments methodology, in different disease areas.

Past research position: past research was performed at the CIRFF (Centro Interdipartimentale di Ricerca in Farmacoeconomia e Farmacoutilizzazione) of the University of Naples Federico II, at the Centre of Pharmacoeconomics of University of Milano, at the Health Economics Research Unit (HERU) of the University of Aberdeen (Scotland) and at the Oasi Maria SS Hospital IRCCS (Istituto di Ricerca e Cura a Carattere Scientifico), in Troina (Enna, Italy).

Teaching experience: currently contract professor at the master (Level II) in valuation and management of the health technologies and services, at the University of Milano-Bicocca. During the past years Luciana has gained wide teaching experience as lecturer and contract professor in several undergraduate and postgraduate Italian courses/masters/schools.

Publications, editorial contributions, participation at congresses: author of more than 60 full text papers published in peer reviewed National and International journals and chapter books (see full list below), and is author of more than 100 posters and podium presentations discussed in numerous National and International congresses and meetings. From 2006, Luciana has reviewed several full papers submitted for publication in different International Scientific Journals, and from 2014 she is Associate Editor of the Health and Quality of Life Outcomes Journal.
